

Interfaces.IDALEmpleado

```
classDiagram
    class Interfaces {
        IDALEmpleado
    }
    class prjPrograll {
        Layer {
            DAL {
                DALEmpleado
            }
        }
    }
    prjPrograll --> Interfaces : implements
```

The diagram illustrates a class implementation relationship. At the top, a gray rectangular box represents the interface `Interfaces.IDALEmpleado`. Below it, a white rectangular box represents the class `prjPrograll.Layer.DAL.DALEmpleado`. A solid blue arrow points vertically from the bottom of the class box to the bottom center of the interface box, indicating that the class implements the interface.

prjPrograll.Layer.DAL.DALEmpleado
