

IDALEvento

```
graph BT; A[prjPrograll.Layer.DAL.DALEvento] --> B[IDALEvento];
```

A UML class diagram illustrating inheritance. At the bottom is a gray-shaded box labeled 'prjPrograll.Layer.DAL.DALEvento'. A blue arrow points vertically upwards from this box to a white box at the top labeled 'IDALEvento'. The arrow indicates that 'prjPrograll.Layer.DAL.DALEvento' inherits from 'IDALEvento'.
